| 67-2018 | 1 | Courses | What is the total cost of maintaining this portal (pay.iitm.ac.in), including recurring charges one-time charges/any other charges as applicable? | The development of pay.iitm.ac.in is part of the larger ERP implementation efforts at the Institute. The in-house development team is fully integrated and has developed various processes. Hence isolating efforts towards the development of this portal is difficult. 211-2018	1	Research	I am a Masters student at IIT Madars. Recently, I had to travel for an international conference, CVPR, Utah, USA, from June 18th through June 22nd. I had to present my work in a workshop in the conference. As the decision regarding my works acceptance came very late, just two weeks before my intended travel date, June 15th, I could not get Graduate Technical Committee (GTC) approval a priori. However, upon my return, the Assistant Registrar has informed me that I can not avail the institute travel support for international conference of 1.5 lakh rupees as the GTCs approval is not valid post conference travel. I find this very surprising, as to why a student (MS/PhD) can not claim for travel support from institute post attending the conference with proof of bills and appropriate committees approval like GTC or Thesis	This is not an information as defined under section 2(f) of RTI Act 2005.
